

# 'Conscience Laws' Allow Physicians, Health Care Entities To Opt Out of Providing Abortion-Related Services

**Other:** Limited in case of ectopic pregnancy (Arizona, Louisiana, Utah); required to return patient's prescription (Arizona, Georgia); required to provide a referral (Georgia, Illinois); required to make informed consent disclosures (Illinois); required to provide information related to access to services (Illinois, New York); provides no immunity from civil liability in cases of malpractice for failure to refer (Maryland).
